

# TIGER THREAD GREASE

## Thread Grease

### Description

Tiger Thread Grease provides outstanding anti-seize and anti-wear properties which prevents galling of rod joints and collars.

### Applications

Tiger Thread Grease is specifically formulated with a high content of specially selected solid lubricant for the lubrication and protection of bolts, nuts and threaded joints where ease of removal is desired.

### Advantages

- Prevents galling of rod joints
- Does not contain lead, zinc or copper.
- Can be used in wet conditions
- Can be used in wide range of temperatures.
- Allows for easier breakouts and connections

### Typical Properties

Appearance	Black grease
NLGI TYPE	2

### Recommended Treatments

Apply to joints and thread liberally where required.

### Packaging

Tiger Thread Grease comes in 35lb pails
